American-Egyptian ginnings totaled 73,189 bales this season according to the Bureau of the Census. Individual State ginnings are reported as follows: Arizona and California 54,149 bales; New Mexico 8,355 bales and Texas, District 6, 10,685 bales.

The United States Department of Agriculture estimates that grades No. 2-1/2 and above accounted for approximately 82 percent of the ginnings in Arizona and California, almost 89 percent in New Mexico and about 84 percent in Texas, District 6.

Estimates by the Department also show that American-Egyptian cotton shorter than 1-1/2 inches in staple length accounted for about 58 percent of the ginnings in Arizona and California, approximately 59 percent in New Mexico, and a little more than 58 percent in Texas, District 6.

THIS IS THE LAST GRADE AND STAPLE REPORT (AMERICAN-EGYPTIAN) FOR ARIZONA, CALIFORNIA, NEW MEXICO AND TEXAS, DISTRICT 6, THIS SEASON.
